Truly “Inspired” Crib Bedding

Looking for cute and coordinated nursery items?

Check out [Inspired Crib Bedding!](#)

The idea for [Inspired Crib Bedding](#) came to founder Yael Evan when she was looking for nursery items for her first baby.

She couldn't find stylish, coordinated choices for crib bedding and other materials, and didn't see why parents should have to abandon their sense of style at the nursery room door!

[Inspired Crib Bedding](#) is dedicated to provide modern designed, high quality baby bedding and accessories in affordable prices.

All of the crib bedding sets and coordinating accessories are crafted with great care and attention to detail in USA.

The use of both 100% percent cotton fabrics and heavenly soft minky, means that Inspired Crib bedding has an unmatched sense of softness and comfort.

To bring complete coordination to the bedding sets, they also offer extra sheets, coordinating changing pad covers, matching nursery pillows and even wall prints

The [Geox pink and green](#) print is my favorite for baby girls and [Geox Aqua and Green](#) for baby boys. The [hooded bath towels](#) are really cute and great for gifts too!
