Are you looking for a fresh, modern design for your nursery? Are you hoping to achieve that special look without spending a small fortune? If so, you may be interested in the line of crib bedding designed by Inspired Crib Bedding. These sets are fun and modern and are available in a number of pleasing patterns in color schemes appropriate for boys, girls, or either sex.

As the soon-to-be mother of three girls, I am always drawn to the “pink” side of the collection first. This Geo Pink set immediately caught my eye. I love the understated simplicity of the pattern and the color scheme is perfect for a little girl without being over the top in its pinkness. The set includes bumper pads with removable slipcovers for easy washing, a crib comforter, a minky fabric fitted sheet, and a tailored crib skirt. Everything is made from 100% cotton and the soft minky fabric that is so popular right now.

You can purchase this set for \$300 at [icribbedding.com](#). A number of additional accessories (wall art, nursery pillows, etc.) are also available to finish the look.
